A Seasonal Newsletter Provided by Midwest Facial Plastic Surgery & Aesthetic Skin Care

Please Welcome Emily Forti

Midwest Facial Plastic Surgery and Aesthetic Skin Care would like to welcome Emily Forti to our team. Emily is our third full-time esthetician, and she is working out of both the Woodbury and Eagan offices. She received her esthetic training at Pierre's School of Cosmetology in Portland, Maine. Emily spent the past two years working for a local spa before joining our team. Emily specializes in facials, chemical peels and waxing, as well as makeup application, microdermabrasion and laser hair removal. Emily will be working some evenings, so we now have more evening appointments available.

The Innovative Facial

Midwest Facial Plastic Surgery has added a new treatment to its list of skin care treatments. The new Innovative Facial is an intensive clinical facial designed to rapidly and safely resurface the skin, thereby reducing fine lines and wrinkles. The centerpiece of this remarkable treatment system is a combination of two therapeutic masques. In addition to the professional-only masques, this incredible facial treatment is complemented by a rich, unique combination of serums and crèmes. Awaken your senses, this phenomenal system incorporates both active and soothing formulas, which evoke autumn and winter aromas of warm cinnamon spice and brisk cool peppermint. The Innovative Facial is \$100.00 or \$500.00 for a package of six treatments.

Introducing IS Clinical Skincare

Midwest Facial Plastic Surgery is proud to offer the IS CLINICAL line of medically based skin care products. IS CLINICAL includes exceptional, long-term "results oriented" anti-aging and optimizing skincare formulations sold only through medical facilities. IS CLINICAL formulas are comprised of only the purest, most efficacious ingredients, sourced from throughout the world - all of which have been clinically tested for both safety and superior capabilities. Feel free to make an appointment to learn more about the IS Clinical line of skin care and experience the IS CLINICAL difference with free samples.
